To Whom It May Concern,

This letter is to certify that Shimels Derso Kebede is an active reviewer for the journal *PLOS ONE*. They have reviewed 3 papers for *PLOS ONE* since February 2023.

*PLOS ONE* ([plosone.org](https://plosone.org)) is a scholarly, peer-reviewed journal published by the Public Library of Science (PLOS), a leading not-for-profit publisher of Open Access journals. The journal launched in 2006 and its editorial criteria focus is on the technical quality of the work rather than on any subjective judgments, such as perceived impact or relevance to a specialist field. *PLOS ONE* rigorously peer reviews original scientific manuscripts; we seek evaluations by reviewers with research expertise in the scientific area covered in the manuscript.

We are grateful to Dr. Kebede for their contribution to *PLOS ONE*.

Please do not hesitate to contact us at [plosone@plos.org](mailto:plosone@plos.org) with any questions or inquiries you may have.

Yours faithfully,
